Summary of the Event		On June 11, 2024, Mr. S.V. Gopala Krishna Rao, our esteemed guest lecturer, provided an insightful overview of micro pile foundations and various types of piles. He elucidated the significance of micro piles in challenging construction scenarios, particularly where space constraints or adverse soil conditions prevail. Mr. Rao detailed several types of piles, including driven piles, drilled shafts, and micro piles, each tailored to specific project requirements. He expounded upon the distinctive characteristics and applications of each pile type, emphasizing their versatility and effectiveness in providing structural support. Through his comprehensive discourse, attendees gained a nuanced understanding of foundational engineering principles and the critical role played by micro pile foundations in reinforcing structures. Mr. Rao's expertise and lucid explanations facilitated a profound appreciation for the intricacies of pile design and installation, equipping participants with valuable insights for future engineering endeavours.

Dear Mr. S.P. Raju,
Thanks for the invitation and accepting to share few of my professional experiences with you.

Please share your institute location .

Thanking you

Regards

SVGK Rao

To: GopalaKrishnarao Sv <svgk rao@gmail.com>

Dear sir,

The Department of Civil Engineering is conducting a guest lecture on DESIGN OF PILE FOUNDATIONS INCLUDING MICRO PILES WITH FEW CASE STUDIES on 11-06-2024. In lieu of this, It is an honour and privilege we would like to invite you to be our guest speaker on the above topic. We believe that your presence at the said event will bring more inspiration to our students.

We are looking forward to your positive response regarding this matter.

Summary of the Event	<p>Survey of India (SOI), is the “oldest scientific department of the government of India”. They organized a “National Science Exhibition” on behalf of National Science Day 2024, on the theme “Indigenous Technologies for VIKSIT BHARAT”. The SOI held an exhibition to enhance knowledge on civil aspects and exhibited different types of Theodolites with various least counts i.e.; Wild T3, Wild T2, Wild T4Theodolites, SCINTREX CG-5 AUTOGRAV Gravimeter. They briefly explained about the Cartography, Digitization, Geographic Information System (GIS),Drone survey and differences between Network Analysis and Surface Analysis and information on projection systems. They have shown 3D Model of an area using Stereoscope and provided information on Digital Photogrammetry, Remote sensing, Drone photogrammetry and LIDAR photogrammetry. By covering topics, they have enhanced participants understand about different types of surveying and its practical applications in various construction fields.</p>

No. T- 350 /14-C (Science day)

Dated the 22 February, 2024

To

Sub: National Science Day 2024 (NSD) – Celebration Theme: “Indigenous Technologies For Viksit Bharat” – Reg.

Sir/Madam,

The undersigned is pleased to inform you that National Institute for Geo-Informatics Science & Technology (NIGST) of Survey of India is a premier training institute under Govt. of India. As customary, NIGST will observe National Science Day as **open day** on **28th February 2024** with the theme of **“Indigenous Technologies For Viksit Bharat”**.

Accordingly, SOI will be keeping the campus open to the public and students on 28th February, 2024 from 1000 hrs to 1600 hrs. An exhibition displaying modern technology, instruments and methods being used for Surveying and Mapping is arranged in NIGST. You are requested to kindly send students of your school / college, so that they may have a first-hand knowledge of the technologies being adopted in the Survey of India.

Also, there will be a **Treasure Hunt event (Practical Mapping Game)** to be held on 28th Feb, 2024. So you may intimate the names of 9 students (in 3 teams) to participate in Treasure Hunt. Please confirm your arrival and participation for the Treasure Hunt event in advance on email id technical.nigst@surveyofindia.gov.in to make necessary arrangements.

Assuring you of our best co-operation in this regard.

Yours Sincerely,

(Dr. M. K. STALIN) IES,
Deputy Surveyor General,
Head, Faculty of TS& LIS,
Chairman, NSD-2024

Summary of the Event	<p>As per the culture of Gokaraju Rangaraju Institute of Engineering and Technology (GRIET), Department of Civil Engineering organizes Annual technical fest for the aspirants with a very highly competitive spirit to participant and with the strong determination to include their achievements & accomplishments to their resumes. These fests are organized with the objective to provide platform for the students to showcase their talent with a competitive spirit. The event was successful enough to attract as many as 69 registrations for X-Kernel Annual level Tech Fest which includes all the events. Students actively participated in all the events and presented their work. The fest was executed with a total of 3 events planned and organized at the best of quality. Focusing on the types of events to include in the fest was decided by fest coordinators keeping the interest and need of the engineering student into consideration, with little emphasis on the fun full events behind the scenes. Events like Brainy Bowl, Battle of Words, Green your Build, events were equally planned, executed, and have managed to gather maximum response.</p>				
IRG (in rupees) Deposited A/C no A/C name and date and other details (enclose proof-A/C statement)	Nil				
Expenditure (in rupees) (Enclose proof-bills)	Nil				
POs attained with this Event (number and description)	<ol style="list-style-type: none"> Apply knowledge of mathematics, science and fundamentals of Civil Engineering. Analyse problem and interpret the data. Design a system component, or process to meet desired needs in Civil Engineering within realistic constraints. Identify, formulate, analyse and interpret data to solve Civil Engineering problems. Use modern engineering tools such as CAD and GIS for the Civil Engineering practice. Understand the impact of engineering solutions in a global, economic and societal context. Understand the effect of Civil Engineering solutions on environment and to demonstrate the need for sustainable development. Understanding of professional and ethical responsibility. Work effectively as an individual or in a team and to function on multi-disciplinary context. Communicate effectively with engineering community and society. Demonstrate the management principles in Civil Engineering projects. Recognize the need for and an ability to engage in life-long learning

EVENT - 1

BRAINY BOWL

The Objective behind to organize Quiz competition is to evaluate the knowledge of the registered participants within academics as well as beyond academics and to make them familiar with the prospects of quizzes and the objectivity of the questions. The main purpose of the competition to develop interest in subject area of Civil Engineering.

Target Audience : B. Tech II, III & IV year Students

Plan of Action :

Each Participant will be given a set of question paper containing 25 multiple choice objective type questions. The following rules will be applicable.

- Time limit: 25 minutes.
- Each question will carry 1 mark.
- In case of tie between 2 or more teams, further 5 questions will be asked for final selection.
- Participation certificate will be given to all the participants.

Rules for Competition:

1. Only Single participation is allowed.
2. The medium of the questions will be only English.
3. There will be no screening round.
4. If there is any tie up among the participants about Highest score, it will be solved by taking another round or set of rounds.
5. All the rights related with the competition are reserved to Organizers.
6. Rules and Regulations can be change on time which will depend upon circumstances and number of Entries.

Coordinators :

Faculty : Mr. A Prakash, Assistant Professor, CE
Sri Siva Prasad Raju V, Assistant Professor, CE

Student :

1. A Nandu Yadav 22241A0101 9100676312nanduyadavnelela192@gmail.com

EVENT - 2

BATTLE OF WORDS

The Objective behind to organize Essay Writing competition entitled “**Green Materials**” is to evaluate the knowledge of the registered participants and to make them familiar with the prospects of importance of Sustainability in Construction Industry. The main purpose of competition is to develop interest in Eco-Friendly Construction.

Target Audience : B. Tech II, III & IV year Students

Plan of Action :

Each Participant will be given a plain A4 sheet where Participants need to write an Essay on Specified topic. The following rules will be applicable.

- Time limit: 15 minutes.
- Maximum word limit – 1500 words.
- The language should be English only.
- Participation certificate will be given to all the participants.

Rules for Competition:

1. Only Single participation is allowed.
2. The essay should be the original work and it should not be copied from anywhere.
3. There should be structural coherence. The introduction and conclusion of the essay should be proper and rational.
4. The evaluation will be made based on content, coverage, facts, writing spirit inclined towards the topic and logical presentation with due rationale.
5. The decision of the Judge shall be final & binding on all the participants.

Coordinators :

Faculty : Mr. A Prakash, Assistant Professor, CE
Sri Siva Prasad Raju V, Assistant Professor, CE

Student :

EVENT - 3

GREEN YOUR BUILD

The Objective behind to organize Paper Presentation competition entitled "Sustainable Construction" is to evaluate the knowledge of the registered participants and to make them familiar with the prospects of importance of Sustainability in Construction Industry. The main purpose of competition is to develop interest in Eco-Friendly Construction.

Target Audience : B. Tech II, III & IV year Students

Plan of Action :

Paper presentation is an individual competition where each participant is required to create a paper (essay) in English about a given theme and present it with a presentation (PowerPoint) in front of the judges. The presentation must be interesting, creative and deliver the participants' ideas within the time limit determined.

Rules for Competition:

1. Only Single participation is allowed.
2. Language of presentation shall be English.
3. Participants are allowed to use a maximum of 15 slides inclusive of participant details. not adhering, will lead to automatic disqualification.
4. The content of the PPT should not be copied. Any Plagiarism, if detected, will lead to disqualification.
5. There should be structural coherence. The introduction and conclusion of the presentation should be proper and rational.
6. The evaluation will be made based on content, coverage, facts, writing spirit inclined towards the topic and logical presentation with due rationale.
7. The decision of the Judge shall be final & binding on all the participants.

Judging Criteria :

The criteria for judging the contest would be:

- Content
- Subject Analysis
- Innovative Ideas, originality and creativity
- Inclusion of Audio/ Video effects, exceptional use of power point
- Articulation and Conveyance of Thoughts
- Time management
- Conclusion

Coordinators :

Faculty : Mr. A Prakash, Assistant Professor, CE
Sri Siva Prasad Raju V, Assistant Professor, CE

EVENT SUMMARY REPORT

Department		Civil Engineering Department ICI				
Profession al Body	Institutio nal Body					
Nature of the Event (Workshop / Seminar / Guest Lecture / Tech Talk/ GD/ Training Program / Quiz / Presentation/Conference/ Industry Visit/Co &Extra curricular Activities)		WORKSHOP				
Title / Theme of the Event		WORKSOP ON CEMENT TESTS BY CHITTINADU				
Details of the Coordinator		Mr.S P RAJU V				
Dates on which Event is held		From	To	No. of Days		
		10/08/2023	10/08/2023	01		
Details of the Speaker / Guest Name Organization		MAVUL RAO CELL:9866535636				
Participants (Teaching Faculty / Non-Teaching Faculty / Students)		No.of Faculty	No. of UG students	No.of PG Students	No.of outside participants	Total Participants
		02	30(IV-I)		-	32
Summary of the Event		<p>The workshop on tests conducted on cement aimed to provide participants with an in-depth understanding of the manufacturing process of cement and the various tests involved in assessing its quality. The workshop covered topics such as the manufacturing process, normal consistency, initial testing, and other crucial tests conducted on cement.</p> <p>Participants were introduced to the step-by-step process of cement manufacturing, from the extraction of raw materials to the final product. The process highlighted the role of limestone, clay, and other components in producing the raw mixture, which is then heated to create clinker. The clinker is ground into fine powder, which is the basis for</p>				

	<p>cement.</p> <p>Participants left the workshop with a comprehensive understanding of the tests conducted on cement and their significance. They gained insights in to the factors that influence cement quality, such as consistency, setting time, and compressive strength. The workshop equipped participants with practical knowledge that can be applied in quality control and construction projects.</p> <p>The workshop on tests conducted on cement provided participants with valuable insights into the manufacturing process and the essential tests to assess cement quality. By covering topics such as normal consistency, initial testing, setting time, and compressive strength, the workshop enhanced participants' understanding of cement's properties and its practical applications in various construction projects.</p>
IRG (in rupees)	-
Expenditure (in rupees)	-
POs attained with this Event (number and description)	<p>a. Apply knowledge of mathematics, science and fundamentals of Civil Engineering.</p> <p>d. Identify, formulate, analyse and interpret data to solve Civil Engineering problems.</p> <ul style="list-style-type: none"> • Understandtheimpactofengineeringsolutionsinaglobal,economicand societalcontext • UnderstandtheeffectofCivilEngineeringsolutionsonenvironmentand todemonstratethe need for sustainable development. • Understanding of professional and ethical responsibility. • I. Recognize the need for and anability to engage in life –long learning
