Summary of the Event		As a part of field visit students were taken near to the percolation pit and explained the importance of it. The uses of percolation pit like recharging ground water, increasing water table, providing water for bore wells etc were known. The major importance of percolation pit is that it can reduce the shortage of water was understood and reduces the wastage of rain water. The size and capacity of percolation pit were known. And we all were motivated to have percolation pit in our locality
