Dear Sandeep GORE KAMALAKAR,

Following our interview on June 17<sup>th</sup>, we are pleased to inform you that **you have been pre-admitted as an engineering student to the two-year Master of Science in Advanced Design and Management of Durable Constructions (ADMDC) at IMT Nord Europe, starting in September 2022.**

Please note that your definitive admission is subject to the following conditions:

- **Validate your Bachelor of Technology in Civil Engineering** at Gokaraju Rangaraju Institute of Engineering and Technology at the end of the 2021-2022 academic year
- **Forward us a copy of your aforementioned diploma**

The program fees of €9,000 yearly (€18,000 in total) will include your affiliation to France's national health insurance system, tuition fees as well as intensive support for administrative procedures.

In France, you will have to support your living expenses estimated at around € 650 per month in Douai, including accommodation and food. An individual room with bathroom will be proposed to you at the students' residence. On your arrival, you might be asked to pay a refundable deposit for the room (an amount usually equal to about 1-month rent: € 350).

While studying at IMT Business School in Evry, you can expect slightly higher living expenses, being located in Paris region.

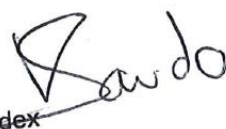

The following expenses will also have to be supported: your down payment for seat confirmation (€5,400), visa fees, a round-trip airplane ticket to France, local transportation, a repatriation insurance that you have to purchase before leaving your country as well as a compulsory affiliation to health coverage in France.

Further details about your arrival in France will be sent to you in due course. In the meantime, we remain available to answer any questions you may have.

We are looking forward to hearing from you very soon,

Yours faithfully,
